

STARDATE JUNE 2016.....Entry from the Town Manager's Log:

June is probably the most important month to the government of Stockton Springs. It is the month of Town Officials' elections, the School budget validation vote and the approval of the Town budget at the annual Town Meeting. All have worked hard to present to you their best guesses for the future. Make no mistake; budgets are "intelligent" guesses about what the government will need for funding for the next year.

Detailed worksheets for the Town budget are located on the Town's website. Excel spreadsheets may not be the most exciting documents to look through, but they are revealing as to where funds have been spent in the past and what the projected revenues and expenses will be in the future.

I personally like Town Meeting. Being a little bit of a ham, I enjoy explaining what items are at town meeting and take no offense to people asking questions. After all, it is your tax dollars at work. There will also be 3 ordinance changes and one new ordinance to vote on. The Select Board should be authorizing the official warrant document on June 2nd. Right after that, everything should be posted on the website. Oh boy. More Reading!
